Exams:

The school conducts following exams for Grade 9 to 12. It is important to note that the school follows reporting cycles A to D i.e. RCA, RCB, RCC and RCD. For each grade, we use different reporting cycles for transcripts.

Grade 09 – **Term 1 (RCB) and Term 2 (RCD)**

Grade 10 – **Term 1 (RCA), Mock Exam and Final (eAssessment by IB)**

Grade 11 – **Term 1 (RCA & RCB) and Term 2 (RCC & RCD)**

Grade 12 – **Term 1 (RCA) and Final Exam by IB**

Rank:

We do not rank our students or calculate GPA. Grade 9-12 the IB awards Grades of 7-1 (with 7 being the highest).

Grading:

We have different grade boundaries for each subject as per the IB curriculum. We have made our grade boundaries little stricter as compared to IB grade boundaries. This way our students are ready for the final exams to score high. Here is the common standard one.

Grade	Percentage	Level
7	85-100	Excellence
6	71-84	Very Good
5	56-70	Good
4	41-55	Satisfactory
3	26-40	Mediocre
2	15-25	Poor
1	0-14	Very Poor

Making a Difference...@ INDUS

The Indus International School Hyderabad engages students through various projects to provide right platform for holistic development of them. Some of them include:

StartupYou(SUY) – It prepares students to acquire entrepreneurial competencies and mindsets of a life-entrepreneur by the time they graduate from school and enables them to re-role, relearn, re-skill, reinvent and rediscover themselves continuously. Students are inspired to lead an entrepreneurial life, from creating a business or social enterprise, to creating an extraordinary life.

Innovation Curriculum(IC) – As part of our innovation curriculum, we focus on teaching **Design Thinking** to our IB PYP, MYP & DP students to find creative solutions to challenging & complex problems and develop an innovative mindset. We also emphasize on **Deep Reading** to make our students critical thinkers, reflective, introspective, and aware. We promoted a culture of experimentation to encourage our students to take risks and learn from their failures. And finally, we helped them to become **goal-minded** through pursuing their academic goals and contribute to the community through personal goals which emerged from their **Tikkun Olam**.

Innovation Council - The main purpose is to cultivate a legacy of innovation /by recognizing student leaders with an innovative mindset. For Grades 9 to 12, it is Revival of Lakes. Students have already started working on the Climate Action Projects in their Teacher Advisor groups.

Community Kitchen at IISH – For many migrant laborers in the nearby areas of the school, the school students have taken the initiative to take care of their basic education, nutrition, and hygienic living conditions. To get the initiatives started, the school organized "A day of giving" every month, and to sustain the plan for providing a midday meal for over 100 children of migrant labors. On a rotational basis, the students, teaching staff, and support staff engage in growing vegetables, participated in cooking, and served the food to the migrant children.

I POWER Project – The students established **Areca Plates and Spoons Manufacturing Unit** with the help of school management to empower the women of nearby areas. The aim was to make women employed and independent.

Few of the top universities, where the students got placed in past five years.
